

Figure 56.11: Running  $\nu$ -SV regression on a set of 50 points;  $\nu = 0.03$ .

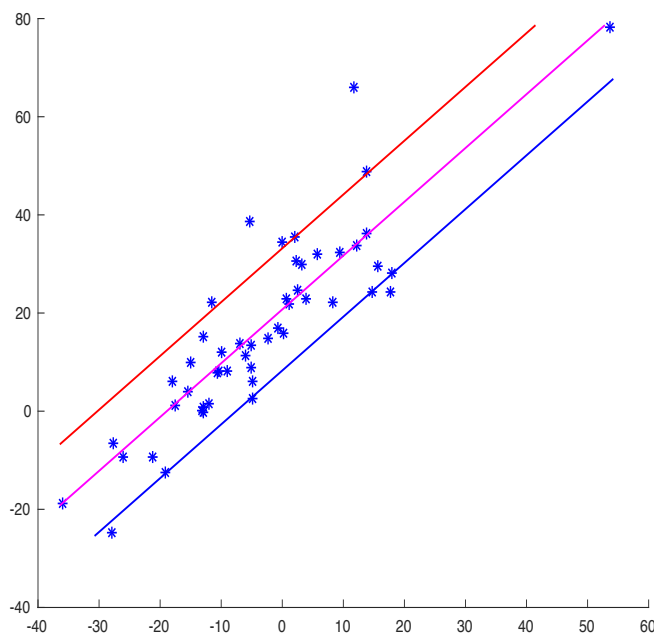

Figure 56.12: Running  $\nu$ -SV regression on a set of 50 points;  $\nu = 0.21$ .

The next value of  $\nu$  is  $\nu = 0.5$ , see Figure 56.13. We have  $p_f = 12, q_f = 12, p_m = 13$  and
